*Let us tell your story*

### About Me

*I am a hobbyist videographer that films for the enjoyment. My name is Joel Woolhead and I would like to tell your story.*

Weddings | Travel | Business

*Search MoPreso Films*

## Why McPreso Films?

Our mission is to provide a magic experience from start to finish, we make it simple to let you focus on your special day. As hobbyists we strive to deliver quality wedding videos, why? Because we enjoy it!

We do not have large bulky equipment that would get in the way of you or your guests, our cameras are rather compact but pack of quality Ultra HD recording.

*Compact Cameras*

*Simple Tripods  
& Stabilizers*

*Multiple Audio  
Recorders*

Audio is captured on more than 1 device to eliminate audio distortions to ensure that your letter read outs and speeches are captured to the best quality.

All our packages can be suited to fit your budget and requirements on the day.

## *Workshop/ Appointment*

We also allow for a workshop where we book a time with you and discuss whats included in the package, your rough timeline and location of you wonderful wedding day. Also we want to meet you and get some idea of your personalities prior to your day, this was we can plan your story to match both of you.

# What we do

For every wedding film there is a fairly long process such as filming your special moments on your beautiful wedding day and then the steps in post production. We film with motion to enhance the emotion of your wonderful wedding party and guests.

## 1 Produce a time line

Firstly we create a time line so that we know where to be, so that we can get the best shots

at the appropriate times. We will need the rough time line for the wedding to be able to prepare ourselves. This can generally just be sent in an email or we can send you a quick form to jot down your times and send back so that there are no hassles.

## 2 Film on your Wedding Day

The day you have been waiting for will then be filmed with smaller camera systems that are packed with UHD (Ultra High Definition). You will barely notice we are even there. During photo shoots we will need you to allow some short time to be able to get some wonderful shots. We will communicate with your photographers so that we can shoot in turns to allow it to run smoothly.

## 3 Color Correction/Grading

Cameras see color different to we do, this is where we have to correct the colors this is done in any film or video. After the correction process we can add a grade to add a mode to the film and enhance the motion and story. We edit our colors and grading through Adobes Premiere Pro

4

## Sync Audio/ Add Music

At this stage we can overlay the video with ceremony audio recordings of your vows or letter read outs and reception speeches. We will also add music to suite your wedding theme to create emotion and help tell your story.

*Please note we may not be able to play your favorite tack from your artist. This is due to copyright ect*

5

## Compose all your clips

The later stages of post production will be to compose and bring together all the clips filmed on your special day. These clips will be edited and placed to tell your story and reveal the emotion and memories captured. This is also where we add effects, transitions and wedding titles and credits you may desire.

### Wedding Titles - Intro

Our Intros can be tailored to suite what you like. We have 50+ wedding titles to feature your names and wedding date.

### Wedding Projector Slides + lens Flare (Optional for Photos)

Our videos are able to have nice lens flares to add effects to the emotion. Also we are able to create a photo slide show in many formats to either with the photographers photos or our added option to get pictures on the side.

#### Bridesmaids

Sarah Mangan  
Bianca Woolhead  
Olivia Spitalny

### Wedding Credit - Bridesmaids & Groomsman

Our thank you credits can be designed to suite your wedding style. We create one for your bridesmaids and groomsman we can also add any special guests or thank you scenes.

## *Just Married - Outro*

Finally to close we can add a "Just married" Animated scene. We have many different styles to suite.

6

## *Upload your Teaser*

When your teaser video is ready we will upload it to Vimeo and Facebook, where you can share this with your family and friends. Here you can let us know if you would like any changes to the music or clips and styles ect.

7

## *Final Edit & Upload*

If we haven't heard from you we will then proceed to the final edit of the full length of your wedding day film. Once done we will then upload again to Facebook and Vimeo and possibly on our You-tube Channel.

8

## *Send your Films on USB*

When we are finally finished we will mail you a USB with your wedding films plus and additional features you may have added to your package.
